If you aren't afraid of heights and can swing a hammer, you could impact lives for eternity! **Join us to complete roof repairs on homes in Nicaragua.** It's just that simple. Be part of this tangible demonstration of God's love to the Miskito people!

Serve the Miskito People of Nicaragua!

In 2007, Hurricane Felix leveled more than 87 homes in the Miskitos' small village. Only four remained. In addition to their desperate physical needs, the Miskito were steeped in cult practices adapted from Seventh Day Adventists and animistic ancestral shaman beliefs.

To date, 90 homes have been completed and a church constructed! **Dozens of Miskito have come to know Jesus through the construction outreaches!**
